Work included and key stages

The precise work and stages involved in the sale of a residential property vary according to the circumstances. However, we have set out the key stages involved in a typical sale transaction:

- Take your instructions and give you initial advice.
- Check the title of the property you are selling.
- Prepare documents, the contract of sale and deeds relating to your sale.
- Dealing with questions and enquiries raised by your buyer(s)' solicitors.
- Reporting and providing information to you relating to the property you are selling.
- Exchanging contracts following any necessary negotiations on the terms.
- Approving the transfer deed from the buyer(s)' solicitors.
- Completing your sale and accounting to you for the proceeds or receiving from you any monies required to complete the sale.
- Dealing with all post-completion matters, particularly repaying any outstanding mortgages or loans.

Services excluded

Our service will **not** include any of the following:

- Advice on the value of the property.

Approximate/ average timescales

How long it will take from the date you instruct your solicitor until the sale is completed, will depend on a number of factors. However, the average process in the UK takes around 22 weeks, our average is 16 weeks.

It can be quicker or slower depending on the parties in the chain and the efficiency of third parties involved in the sale such as the buyer's solicitors, the solicitors representing other buyers and sellers in the chain, your buyer's bank if they are taking out a mortgage, search providers and the relevant local authority to conduct your buyer's local search.

Factors that could increase costs

In some circumstances we may increase our fees to account for additional time, work or skill required to meet your instructions. Examples include:

- If there is a defect in the property title which requires remedying prior to completion.
- If we are required to discharge more than one mortgage or loan on the property.
- If we are required to obtain retrospective approval to any alterations to a property or obtain an insurance indemnity policy in relation to any problem concerning the transaction.

Work included and key stages

The precise work and stages involved in the mortgage or remortgage of a residential property vary according to the circumstances. However, we have set out the key stages involved in a typical mortgage/ remortgage transaction:

- Take your instructions and give you initial advice.
- Obtaining your title deeds.
- Checking the title of your property.
- Carrying out a Local Authority search if required by your lender.
- Acting on your mortgage lender's instructions.
- Explaining the terms of your mortgage to you.

- Preparing the mortgage and other documents and obtaining your signature to them where appropriate.
- Reporting to the mortgage company and obtaining the mortgage advance.
- Completing the remortgage. This is the date when the old mortgage will be repaid and the new mortgage will commence.
- Registering the transaction with the Land Registry.
- Forwarding the title documents to the mortgage company and accounting to you for any money held on your behalf.

Services excluded

Our service will **not** include any of the following:

- Advice on the value of the property.
- Advice on the suitability of your mortgage or any other financial arrangements.
- A physical inspection of the property.
- Advice on any search result findings that identify contaminated land, fracking sites, or other environmental issues.
- Advice on tax (other than SDLT) or other accounting matters.

Approximate/ average timescales

The length of time that it will take to complete your mortgage or remortgage will depend on a number of factors. However, the average process takes around 4 weeks.

It can be quicker or slower depending on the parties in the chain and the efficiency of third parties involved in the mortgage or remortgage such as your lender, search providers and the relevant local authority to conduct your local search if required.

Factors that could increase costs

In some circumstances we may increase our fees to account for additional time, work or skill required to meet your instructions. Examples include:

- If your lender makes detailed instructions requiring us to deal with matters other than those relating to the title to the property.
- If your lender instructs another conveyancer to act for them.
- If the lender requires anything other than a simple certificate of title (a simple certificate of title is standard with most lenders) in order to send the mortgage funds to our firm.
- If a trust document is required.
- If there is a defect in the property title which requires remedying prior to completion.
